“ So sad to hear of Ralph's passing. I had the pleasure of working with Ralph for several years at 3M in Hutchinson. He was a strong leader and good mentor to many engineers and maintenance personnel. He had a unique way of getting the best out of those he worked with, which helped develop many good leaders for the company. I am sure he will be missed by many people. Wish I could attend the service, but am in Florida.

“ I remember July 7, 1972 when dad brought our family to my first Twins game at the Met Stadium. I couldn't believe how green the grass was (I had only seen games on black & white TV). The Twins won 5-2 and Harmon Killebrew hit one of his monster home runs. I remember dad telling me to watch how the professional players played their positions so I could go home and do the same in little league..

There are a million stories I could relate about what a man of integrity he was - so many things for us to emulate in our own lives.

He was a great dad - I'm going to miss him!
