“ *So thankful for all you guys that decided it was good ideas to haul your kids into the woods to camp in a tipi, dress in funny clothes, throw tomahawks, and shoot guns. You created lasting memories and new friendships and passed that legacy onto us. Happy trails!*

*I have great memories of uncle Charlie. He taught me a city boy how how to load a musket loader. And he taught me how to throw a hatchet in one day and he entered me in some tournament at some festival they were at, and I did really good. Such a caring patient man I'll always remember Charlie.*
