“ *What a fighter!!!! What an example of someone who really loved and cared for us all.*

For me I have many fond memories of Jeri.

She always made me feel that I was important. She came to my rescue more than once when the family would tease me.

I was given the title of "Boss" from members of our family. I remember asking her that could I lose this name and pass it on to younger cousins? She said you could, however there is no one that could handle that title better than you.

Yes, the bars that she made for all of us no matter what the occasion was she made our favorites. I can recall that I missed a family gathering and I was out of state. Guess what? Bars were waiting for me when I came home. Heaven now has the best bar maker. I am fortunate that I was given my favorite bar recipes in her handwriting. What a treasure.

When we asked, Jeri how she was doing, she would turn the statement around and say how are you.

She always had an encouraging word, a smile, a hug and always said a prayer for all of us..

May we cling to all that she has taught us over the years and share it with others

*Love and hugs to all,
Marikay.*
