“ For my dad's twin sister, I remember you from before I started even pre-school. I used to be terrified of the basement in your home outside Milwaukee, on that country road. Loved going to visit and see my cousin Jackie and the dogs. She definitely loved dogs too. Wish we all lived longer and only last few years have I realized how fast times goes and miles or petty issues or even major issues can affect us for years or generations. So much that I didn't or don't remember, but I have many memories of my cousin that you gave us. Thank you, with love Auntie/Aunt Lori, Love Jeff D. R.

“ On behalf of the Park Nicollet Float Pool where Lori spent some of her nursing career, we fondly remember her energy, care of patients and her co-workers as well as her wit and laughter. She loved her family and cherished her grandchildren - they were the light of her life. It was a priviledge to know and work with Lori. Peace and comfort to her family! Diane
