“ I want to sent my heartfelt sorrow to all the Peterson family members. I first met Lowell way back in 1966, when I first started working for the ASCS, now Farm Service Agency. After he retired, he would still stop at our office, and tell about all those great trips he had with the trucker sons. One time in particular, he told me about going out west with one of the boys in their big semi truck. "They would just set the cruise on 80 MPH, and that big truck would just cruise up all those mountains." He always had a big grin, and would love to talk about most anything. He was such a great man, and wonderful person.

Thinking of the entire family right now. e-mails will be welcome from any of the family members. woodworker08@gmail.com
