“ Pat and I are very good friends and always will be as long as I have memories.

We raised our kids together for many years. We shared good times, bad times, RC cola, mounds bars, garage sales, shopping and crafts and as life took us in different directions we never lost contact with each other. The visits and phone calls got to be less as we got older but they never stopped and when we did talk we talked for hours. We never missed a beat. Pat was always all about family. She was proud of everyone of them and always shared that with me. Jimmy is the love of her life and she never failed to say that. Even when the cows were there! They were all her life.

Last time we talked we were talking about this very day coming and because of Pats constant faith she was not afraid of death. She didn't want to leave or have her family in pain although she knew she would not be alone. She walked with God to a beautiful place filled with more family and friends that have been preparing a place just for her. She will always be that star in the sky, or the butterfly on the flower, or one of many songs she loved. She can never leave our hearts.

I read somewhere that If you feel grief it means you loved and felt love.

I will always be blessed and thankful that Pat is my friend. Memories fill my heart with love. We never ended talking without saying I Love You.

I will miss catching up with you in conversation but I will never stop talking to you. Until we are together again I Love You
